RECYCLING BIN

Single-family residents can recycle accepted items curbside using their 18-gallon recycling bins.

Items **MUST** be clean, dry, and free of residue before being placed in the bin. Do **NOT** bag recyclables. Dirty/soiled items, plastic bags, and similar non-accepted materials contaminate the recycling process and force facilities to throw away entire batches of otherwise great recyclables.

When in doubt, throw it out! Even if an item contains a recyclable material, it doesn't necessarily mean it can be accepted for recycling.

ACCEPTED FOR RECYCLING

Glass: Clear, green, and brown

Plastics #s 1 (PET) and 2 (HDPE): Food and beverage containers, cleaning solution bottles

Metal: Steel food trays, aluminum cans, aluminum baking pans

Corrugated Cardboard: Flattened; pieces no larger than 2 ft x 3 ft

Cartons: Juice boxes, milk and soup cartons

Mixed Paper: Newspapers, magazines, office & school paper, phonebooks and paperbacks, paper bags, fiberboard boxes

NOT ACCEPTED FOR RECYCLING

Including (but not limited to): Plastics labeled # 3, 4, 5, 6 or 7, food waste, yard waste, scrap metal, soiled foil or trays, heavily soiled or greasy food containers, ceramics, mirrors, window glass, hard books, tissues, toilet paper or paper towels, plastic bags of any kind, aerosol cans, weapons, batteries, fireworks or flares, needles, cables or wires, rubber, disposable utensils or wet cardboard or paper.
