

Don't Ruin Your Recycling Efforts

Recycle Right

ONLY THESE ITEMS ARE ACCEPTED CURBSIDE:

PLASTICS (Clear or Non-Black)
Label #s 1 and 2

ALUMINUM
CANS

STEEL
CANS

MIXED
PAPER

CORRUGATED
CARDBOARD

Recycling only works when items are **easy to separate and reuse** and **match what the facility is able to process**.

Unfortunately, **when wrong or unaccepted items are mixed in**, the recycling becomes "contaminated" and **causes more harm than good**.

Contamination **not only ruins the whole batch**—leaving no choice but to send all of it to the **landfill**—it can also **damage equipment, harm workers, and adds additional expenses and disposal costs**.

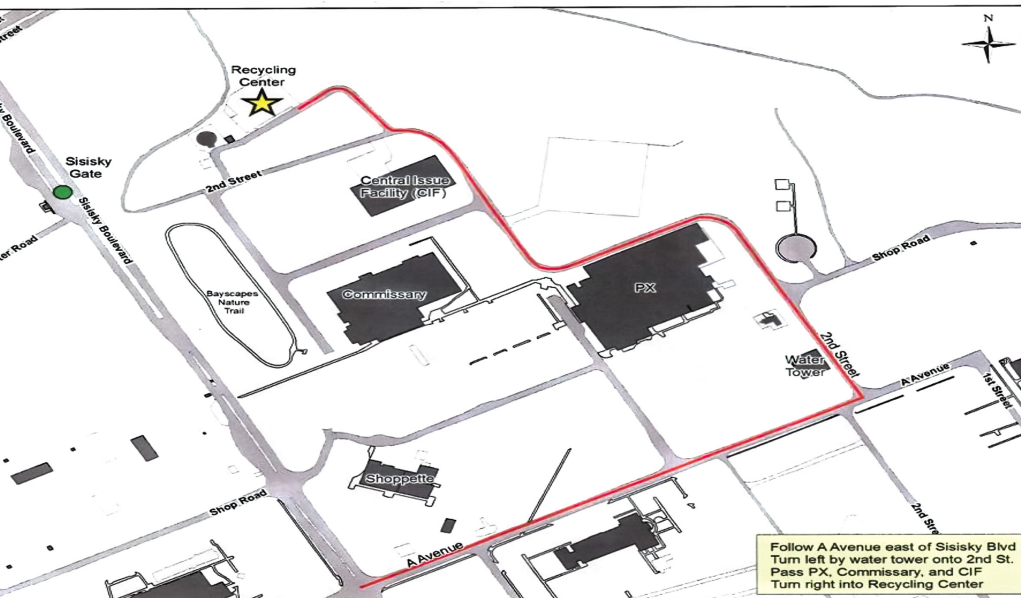

NOT ACCEPTED FOR RECYCLING

IMPORTANT: NO GLASS items of **ANY** kind

- NO** — Plastic bags, plastic wrap, tin foil, styrofoam
- NO** — Soiled/food-contaminated recyclable items (such as greasy pizza boxes or peanut butter still left in the jar)
- NO** — Batteries
- NO** — Household Garbage, Yard Waste or other municipal solid waste
- NO** — Hazardous Materials and/or Their Containers, including but not limited to: batteries, paint, chemicals of any kind
- NO** — Biological/Medical Waste
- NO** — Electronic Waste (such as TVs, computers, cell phones, charging cables, fluorescent light bulbs)
